DEFENDANTS' AMENDED PROPOSED VOIR DIRE QUESTIONS

Defendants Revlon, Inc., ("Revlon") Dr. Robert Krasner and Linda Piacentini ("Defendants"), by and through its attorneys, Jackson Lewis LLP, respectfully requests that the Court include the following questions in its examination of prospective jurors pursuant to Rule 47(a) of the Federal Rules of Civil Procedure. The Court is requested to pursue more detailed questioning if a particular juror's answer reveals that further inquiry is appropriate and, in such instances, to include an inquiry as to whether the particular fact or circumstance would affect the juror's ability to render a fair and impartial verdict, or influence the juror in favor of or against the Plaintiff or Defendants.

INTRODUCTION

Plaintiff Lisa M. Reilly, a former employee of Revlon, brings this action against Revlon, Dr. Krasner and Ms. Piacentini for alleged disability discrimination because of the termination of her employment and the alleged failure of her employer to provide a reasonable accommodation. Defendants deny these allegations.

The jury selection process is called “voir dire.” It is very important that you follow your oath to tell the truth in answering my questions. Before we begin voir dire, I will explain certain things that may occur. As I direct questions to you, you may notice the parties taking notes on your responses. The parties may also have a chart with your names listed in the proper seating order; this is done so they can remember who you are. During the course of this process, the parties may excuse certain jurors.

In order to learn what experiences you have had that may affect your evaluation of the evidence, at times I may ask you questions that could seem offensive or prying. I am not trying to make you feel uncomfortable or embarrassed. Rather, I am trying to assist the parties to the case in finding out more about you as jurors.

If, in answer to any of my questions or otherwise, there is any matter you would prefer to discuss with me privately, please say so, and the attorneys and I will hear from you outside of the presence of the other jurors.

ABILITY TO APPLY THE LAW AS GIVEN BY THE COURT

69. Under our system of justice, decisions concerning the facts of the case are the responsibility of the jury, and decisions concerning the law are the responsibility of the Court. Those responsibilities are separate and distinct, and just as the Court may not intrude upon your area of responsibility, you may not intrude upon the Court's. At the close of this trial, I will instruct you as to the law that you are to apply in your deliberations. When I give you the law, you are required to accept it as stated. With this in mind, do you feel that for any reason you may not be willing or may not be able to apply the law as given by the Court?

72. If you are selected as a juror, could you find against Lisa Reilly if the evidence shows she has not proven her claims, even if you personally liked her?

CONCLUDING QUESTIONS

73. Is there any matter not covered by my questions that should be brought to my attention because it would affect your ability to sit as a juror in this case and to render a fair and impartial verdict?

74. Do you know of any reason why you should not be a juror in this case? If yes, please explain.

INSTRUCTIONS FOLLOWING IMPANELING OF THE JURY

75. From this point until the time when you retire to deliberate your verdict, it is your duty not to discuss this case, and not to remain in the presence of other persons who may be discussing this case. It is your duty not to discuss this case among yourselves or with others, or to permit others to speak to you about this case. This rule about not discussing the case with others includes even with members of your own family or friends. In fact, the plaintiff, her attorneys, and the defendants' attorneys have all been instructed not to speak with you at all, not even to offer a friendly greeting. So don't be surprised if they fail to acknowledge your presence if you should see them at times when the trial is not in progress. They are not being rude to you. They are simply following my instructions. Should you find yourselves in the presence of other persons who are discussing the case, it is your duty to remove yourself from that discussion.

76. If any person should attempt to communicate with you about this case at any time throughout the trial, you must immediately report that to the Judge, and to no one else. When I say report that to no one else, I mean that you should not tell anyone, including your fellow jurors.
